

RockAuto.com has added part kits to our catalog!

Posted by RockAuto - 2014/06/26 11:55

Some of the part kits available through RockAuto.com include:

- *KYB Shock Absorber & Mount Kits and Strut & Mount Kits in the "Suspension" category
- *Power Stop Rotor & Brake Pad Kits in the "Brake/Wheel Hub" category
- *Four Seasons A/C Compressor & Component Kits in the "Heat & Air Conditioning" category
- *Bundle (Standard Motor Products) Tune-Up Kits in the "Ignition" category

There are many advantages of buying a kit rather than individual parts:

- *Kits conveniently include all of the components you need allowing you to order what you need with a single click
- *Kit components are designed to work together to meet or exceed OE performance
- *Kits include all of the parts that are needed to perform a more complete service, ensuring greater success now and preventing problems in the future that could have been avoided

Check RockAuto.com to see if there is a kit available to complete your next project!
