

WTF with the poor choice of medium red carpet?

Posted by Ragtop Man - 2014/07/07 17:12

Three years in on this stupid project and damn if there is not one single supplier with proper medium red carpet for a '66 2+2 interior. I mean, what do the kilo-dollar GTO guys do?

Trim Parts may have the closest color (they supply legendary, saw their '66 GTO stuff at Norwalk) but they don't sell a big Pontiac set of carpets :angry: :angry: :angry: :angry: :angry: :angry:

With my employment situation in a continuous yo-yo motion, it's academic at this point, but fer krissakes, what's a Big Brother got to do to get the right color for a big cat?

You might contact Auto Custom Carpets to see if they have - or will make up - a set. They generally seem receptive to expanding their selection to meet demand.

I got my carpet from stockinteriors and I'm very pleased with the quality and fit.
