"I came across a 65 2+2 Conv. today (YH 421). This car is in parts at a local yard. Supposedly was in storage since 78 but now is outdoors. The yard owner is awaiting the title. The yard is Adams Used Auto Parts just outside Allentown, Pa.. Sorry no price as owner says make me an offer. I don't think he's willing to part out at this time."

Happy Hunting!
