Ignition Conversion Kits at RockAuto.com Posted by RockAuto - 2015/02/25 18:01

Converts old-fashioned point/condenser systems to the latest solid-state technology. All components fit inside original distributor cap -- no wires or fender-mounted boxes to clutter the engine compartment. Ignition conversion kits for Pontiacs currently start at less than \$170. Find the conversion kit for your specific vehicle under the "Ignition" category at RockAuto.com.
