

'65 Project car on Ebay

For the ambitious:

Search on Ebay for item number:

231644773307

(for some reason I can't post a link)

Bidding's only up to \$2850 (reserve not met), but this would be a cool car when done - black/red coupe, 3-speed 4BBL car. Appears from pictures to be all original, though rough.

Somebody needs to save this from the crusher!
