

'66 2+2 convertible on Ebay

Advertised as a GTO 2+2, but, hey, a rose by any other name...

Search Ebay for item number:

252046021107

This seller is a bit more realistic than the dealer with the \$69,900 ask for his '65. Bid's just over \$40K on a \$48,500 ask.

Older resto on a 4-speed 4BBL car, now Tri-Power. Has 8-lugs, tach - even has the pin stripes in the right place.

I like this one.

Looks as if it was a no-sale at \$40100.
