

POCI Convention 2018

Posted by OldInjun - 2017/07/16 15:35

Next year's POCI convention will be held June 24-28, 2018 at the Chula Vista Resort, Wisconsin Dells. The dates are unusual (Sunday-Thursday) due to the popularity of the Dells in summer, and midweek allowed for more friendly hotel rates and availability.

I've attached a registration form.

If you're not a member of POCI, you're missing out on the camaraderie, the award-winning monthly magazine "Smoke Signals", support from a wide range of technical advisors, and a lot of other benefits. http://www.pontiac2plus2registry.com/images/fbfiles/files/POCI_2018_Convention_Registration_form.pdf

Still recovering from a 21-hour drive home to DE from the POCI Convention, but I'll give you some Cliff Notes.

There was a good turn-out of 2+2's, including Clint Scherger's Canadian 2+2 with a Chevy 454 engine. We had our first 2+2 Chapter Meeting on Tuesday, with a 15-person turn out. Not bad for a first effort. At least 5 new members were signed up during the Convention, with more pending. I predict 40+ members after they all get there info to me.

If you're a Registry member AND a POCI member, please be certain to join the Chapter.

If you're not A POCI member - Why Not? It's the largest Pontiac Club in the world, with an award winning monthly magazine which rivals the best. If cost is an issue, you can opt for a digital membership at only \$25/year. In that case you have all member privileges, except you'll access "Smoke Signals" magazine online instead of the club having to mail a hard copy. Same content, quicker delivery.

In any case, the \$10 annual dues for the 2+2 Chapter are being paid for all members for 2018 by an anonymous Chapter member. Both he and I are hoping that a ton of 2+2 people take advantage of his generosity.

Joining is easy - just contact me via email or phone (302 353-0244) with the following:

name

address

email

phone number

POCI membership number (required)

model year and body style of your 2+2, if applicable (you do not need to own a 2+2 to join, however)

If you are a new POCI member, prompted to join because of the new 2+2 Chapter, please let us know.

Jack Anderson
2+2 Chapter President
