

another tire thread

I tried searching the forum but no luck so sorry if this question was asked before but I couldn't find it. Aside from Coker BFG radials, what tires are you running guys? Need to replace my tires soon and I'm looking for some suggestions. I kind a like the look of Hankook and Mickey Thompson tires. Or should I stick with BFG. What do you guys suggest?

Thanks in advance.

Coincidentally I heard from a 2+2 friend last week that he had just spoken with the owner of Diamond Back Tires. They are developing a new series of vintage-looking radial tires. Check it out at dbtires.com
