

Registry Website Update

Posted by OldInjun - 2024/01/07 16:34

As some of you may be aware, my website guy is currently engaged in designing a new 2+2 Registry website. The current site, in terms of look and functionality, is a dinosaur. Eventually it will crash. I've always paid for the Registry out of pocket, with the help of an occasional sale of merchandise from the Registry store and even more occasional donations from members. I've never considered charging dues to join, because I don't want to discourage the registration of cars - my goal is to record data for every 2+2 out there.

However, this project is a bit more expensive than the original work done in 2010, so I am soliciting voluntary help to offset the cost. Over the last couple of years, some generous support has been received from a few Registry members, for which I am grateful. I'd like to thank them publicly:

Paul Alexander

Jim Battle

Rich Cook

Terry Ford

Gary Green

George Husfelt

Gary Kittle

Michael Korchmar

David Levine

Mike Murray

Steve Peluso

Jeff Warren

The 2+2 Chapter of the Pontiac-Oakland Club

(if I missed anyone, let me know)

It looks as if the new website should be completed in the next few months, which means the final payment will be due. So far we are about 2/3 of the way there, in terms of donations. Whatever shortfall there is, I will make up. If you value this effort, please consider supporting it. You can contact me at jgand789@hotmail.com
