The most recent edition of POCI's "Smoke Signals" has a bunch of 2+2's advertised for sale. Don't get "Smoke"? You need to join POCI - the magazine is excellent and arguably is worth the cost of membership by itself.

On Ebay today there are three 2+2's for sale:

1964 coupe - [Click here for link](#)

1964 convertible - [Click here for link](#)
