If you didn't notice the announcement at the top, I am happy to share that we have matched the number of cars registered on the former 2+2 Registry, run by Larry Kosek until 1995 - 174 registered! Though of course some of the cars and owners have changed, there is a remarkable consistency in the breakdown by year.

Listed below are the number as of 1995 (left) and today (right):

1964 = 18 / 16

1965 = 50 / 51

1966 = 52 / 46

1967 = 21 / 23

1986 = 23 / 14

Canadian -

1967 = 3 / 7

1968 = 3 / 4

1969 = 0 / 9

1970 = 4 / 4

You can access the 1995 Registry under the "Articles" tab, "Pontiac 2+2" section. It's pretty interesting stuff.
