

Detroit Packard plant - historic photo's

Posted by OldInjun - 2012/12/31 13:42

"19652plus2" brought this interesting post to my attention, courtesy of the Detroit free Press and photographer Brian Kaufman:

The then-and-now comparisons are stunningly disturbing. Reminds me of the show "Life After People" on the History Channel - vegetation sprouting where there used to be buildings, roads & parking lots - even on rooftops.

Poor Detroit.

Poor Packard.
