

New RockAuto.com Catalog Listings

Posted by RockAuto - 2013/06/01 09:29

RockAuto is consistently adding to the RockAuto Parts Catalog catalog. Some exciting new additions include:

*Power Stop OE replacement brake kits - these kits include Autospecialty OE replacement brake rotors and high performance Evolution ceramic pads

*GPD A/C Compressor and Component Kits - all GPD A/C Compressor and Component Kits include a new compressor and additional components where applicable including: o-ring seals, lubricant, an accumulator, orifice tube and/or expansion valve.

*FCS Strut Assemblies - entirely new strut, spring, mounts, bellow, seats, and other components make these complete assemblies safer, faster, easier, and often less expensive to install than parts purchased individually

The always-growing RockAuto.com catalog is easy to use and includes a great selection all at everyday low prices. Check out the catalog and find what you need today!
