

BOP show at Atco, NJ-Sat. Nov. 2nd

Great weather, beautiful cars, fast cars and a show chock full of mostly Pontiacs :) . I thought I would see a good number of Buick and Olds but it was primarily a Pontiac event. It was good to see Jack(Oldinjun) and his '65 2+2, and his buddy, Dante. I had to leave somewhat early to take a friend back to Queens, but it was nice to take my car out of mothballs, see Jack, and attend a great event.

...and I enjoyed the rare sighting of your beautiful 2+2.
Drive that thing!
