

1995 2+2 Registry

Some of you may have missed one of the most important features of this website - a copy of the former 2+2 Registry compiled by Larry Kosek and last updated in 1995. This is a significant part of our cars history - an 18 year old time capsule which can be used to compare how many 2+2's had survived to that point, who owned which one, etc. It can be found under the "Articles" tab above, under "Pontiac 2+2" :

Some day I will find the time to reach out to those on the old Registry, but in the meantime you may wish to search for 2+2 owners near you. You may even find a former owner of your own car. If you find someone who still owns their car, please invite them to sign up here if they have not already done so.
